

Feedback: 3rd International Arthroplasty Conference, Shram El Sheikh, Egypt 14-16 Jan 2010.

From: Mahmoud Hafez (mhafez@msn.com)

Sent: Fri 1/22/10 9:06 AM

To: mahmoud hafez (mhafez@msn.com)

Dear Faculty

I want to thank you all for your active participation and your efforts in turning this conference into a highly educational and a socially enjoyable event.

I had the chance to screen the evaluation forms and I can tell you that the overall evaluation was good to excellent. Most speakers had a high score, the highest score was given to both Drs Wael Barsoum and Maher Halawa.

Positive points are:

- Intensive program
- High quality speakers & talks
- Audience involvement
- Exchange of experience for faculty
- Everybody happy

Negative points

- No enough time for recreation (
- No enough time for case discussion
- Organizational problems including poor time keeping
- Less talks on knees compared to hips

Over the phone, I had a very positive feedback from some speakers and attendees. Below are the comments I received by e-mails

Last but not least, I am inviting you to participate in the 4th Arthroplasty Conference 13-15 January 2011, Sharm El Sheikh. Now we have enough time for preparation to overcome negative points and improve it further.

Mahmoud

Dr. Hafez,

On behalf of Cleveland Clinic Florida I would like to extend our gratitude for hosting us in Egypt. The arthroplasty conference was a success on all levels. We particularly enjoyed chairing our sessions and participating in the discussions that followed. We had a memorable time in your beautiful country and formed many friendships.

Greg

Gregory J. Gilot, MD | Chairman | Fellowship Director

Section of Adult Reconstructive Shoulder Surgery

Department of Orthopaedic Surgery

2950 Cleveland Clinic Blvd | Weston, FL 33331 |

Dear Mahmoud,

On behalf of the Cleveland Clinic Faculty at this course I want to congratulate you on organizing a most educational and enjoyable summit. We were all very impressed with the high quality of the presentations and the involvement of the faculty and attendees. You were a wonderful host and we all thoroughly enjoyed our time and the ability to share our clinical experience with colleagues from around the Middle East and even some from Europe.

I look forward to continuing our friendship and professional exchanges and thank you again for your effort and hospitality.

Wael

Wael Barsoum, M.D.

Vice Chairman, Department of Orthopaedic Surgery

Fellowship Director, Director of Research and Education

Section of Adult Reconstructive Surgery

Cleveland Clinic Foundation

Office (216) 444-7515

Dear Mahmoud,

I would like to congratulate you for the organisation of the 3rd IAC in Sharm el Sheikh.

In my opinion it was a great success.

I'm currently working in the report of the congress, could you please send me all information you have concerning the congress (hand book, pictures, etc...)

Here is my adress:

Dr Bernard Masson
18, rue des potiers
31320 Vieille Toulouse, France

Dear Organizing Committee Member

After such an effort that everyone put into the organization of this conference, I think that we have to congratulate and thank each other for such a successful conference.

In your name I wish to congratulate and thank Mahmoud Hafez (who probably still unconscious following this marathon) for his excellent work, and for the choice of faculty, especially those from Cleveland.

I think we need to come together to discuss feedback about the conference and start preparing for the Review course and the next years' conference (may be Mahmoud would like to invite us for dinner :-)

Yours sincerely

Emad

Mr. Emad S B Saweeres, FRCSEd (Tr & Orth), MD
Lecturer & Consultant Orthopaedic Surgeon
El Sahel Teaching Hospital, Cairo, Egypt.

Dear all,

Yes yes yes, we need to meet first to celebrate the success of the conference and to start working for the review course and the next year's conference.

DINNER is a great idea !!!!!..... ::)
